

Nutrition Congress 2016

The Association for Dietetics in South Africa (ADSA) looks forward to seeing you all at the Nutrition Congress. We are very fortunate to have six international speakers this year (Dr David Katz, Prof Barrie Margetts, Prof Tommy Cederholm, Prof Ann Ashworth, Prof Carlos Monteiro and Prof Boyd Swinburn).

The ADSA BGM will take place on the 3 September 2016, from 17:00-18:00. We strongly encourage all ADSA members to attend the BGM, if possible, as the Executive Committee has reviewed the constitution and decided that a revision needed to be made due to technological developments that have changed our communication methods, growth within the organisation as well as changes to various portfolios.

As per the current constitution ARTICLE XIII, for any change to take place members need to be informed of the suggested changes within 30 days (these changes were outlined in the National Mailer sent out on the 18 July 2016). The amendments will be tabled and voted for at the BGM at the Nutrition Congress. Should you not be able to attend and would like to accept the changes made to the constitution you may vote by proxy (sent out in the National Mailer – 18 July 2016). Original signed proxy forms can be sent with a colleague that will be attending the BGM OR posted to ADSA (4 Karen Street, Bryanston West, Gauteng) OR a signed original form may be emailed to adsacomms@gmail.com (attention Catherine Day).

As an ADSA member, your opinions and contributions to the running of ADSA is very important thus we appreciate in advance your time and effort in considering this very important matter.

Reminder: There will also be a session allocated to the HPCSA Nutrition Board where any questions asked will be answered by the HPCSA regarding the new nutrition professional. We encourage all dietitians to attend this very important meeting.

ICDA Granada 2016

We wish Maryke Gallagher and Claire Julsing-Strydom well as they represent ADSA at the ICDA Granada 2016 in Spain. Maryke and Claire will be presenting at the conference as well as promoting the ICDA 2020 conference which will be held in Cape Town.

Stay in touch with ADSA and help us spread the word that optimal nutrition is essential for all South Africans:
