CPD Webinar For Health Professionals

THE DAIRY MATRIX EXPLAINED

Presented by the
Consumer Education Project
of Milk South Africa

Health benefits beyond the individual nutrients

Speakers

Prof. Arne Astrup, MD, DMSc

Professor Astrup is currently Program Director at the Novo Nordisk Foundation in Copenhagen and associate editor of the *American Journal of Clinical Nutrition*. His research is internationally recognised, and he is one of the most frequently cited researchers at the University of Copenhagen. His main areas of interest include the physiology and pathophysiology of energy and substrate metabolism, with special emphasis on the aetiology and treatment of obesity.

Prof. Renée Blaauw, PhD (Nutritional Sciences)

Prof. Renée Blaauw is a Professor in therapeutic nutrition at the Division of Human Nutrition, Stellenbosch University, South Africa. She is a registered dietitian and has authored/co-authored various articles and chapters in scientific publications and textbooks, presented research papers at international and national congresses, been an invited speaker at various symposiums and workshops and serves as a peer-reviewer for national and international scientific journals. Her main research interests include nutrition support of critically ill patients and nutritional epidemiology.

The event will be CPD accredited.
Medical doctors, dietitians and nutritionists
will be able to obtain up to **4 CEUs**
for participation.
